

VISUAL SHOWS THE MHCGH4-GO DISPLAY

## Manhattan Heated Display Ceramic Glass Hotplate

### CHARACTERISTICS

- Distinctive art deco styling.
- A ceramic hotplate display with individual elements per gastronorm module, collectively controlled by a single energy regulator.
- This display maintains pre-heated, cooked food at a regulated temperature.
- Quartz heat lights over display controlled by electronic dimmer.
- Gantry mounted controller on operators side (GO) as standard.
- The gantry controller can be installed on customer side (GC) on request.
